

CMS Tutorial – How to add a page

1. Login to the backend of your website through the Webcessity CMS login screen

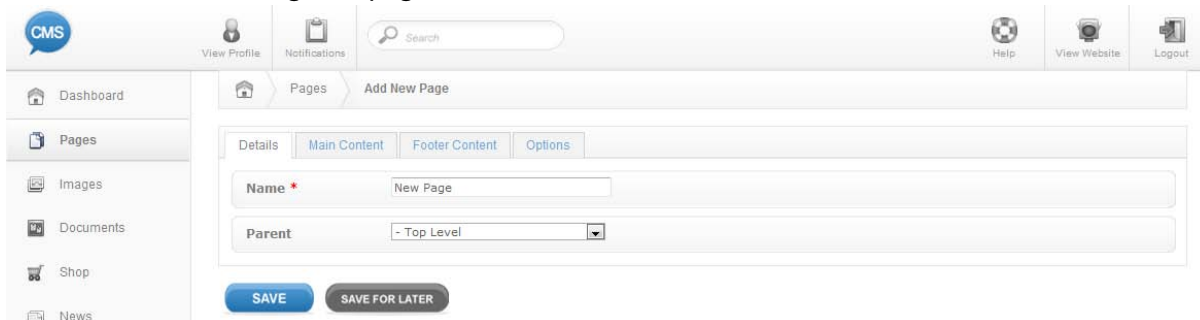

2. Click on one of the 'Pages' buttons

3. Click the 'Add New Page' button

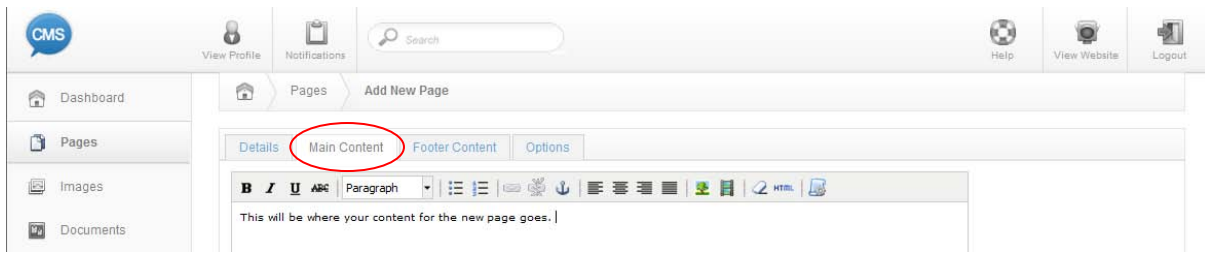

4. Start entering new page details

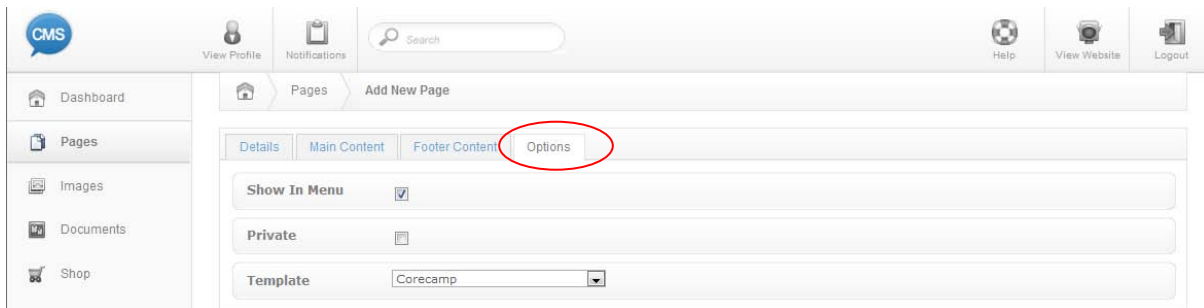

NB: The name will show up as the title of your page and the title of your menu item

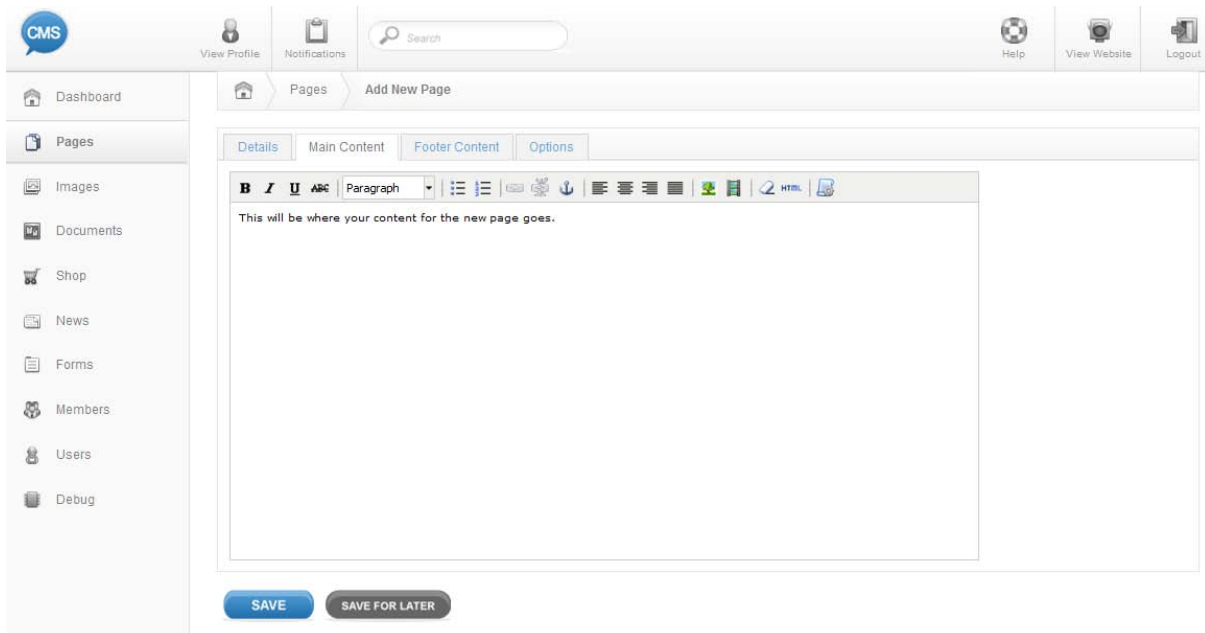

5. Add your content

6. Choose whether you want the page private and/or shown in the menu

7. Click save to finish

You're done!
